SECTION B: APPLICATIONS FOR FUNDS

- B1** How Much are you applying for **£2,500**
- B2** What is the total cost of your Project **Costs are ongoing, each medical kit costs circa £2,000 and we need at least one more kit. In addition, we need other diagnostic devices including thermometers and blood pressure machines and the equipment detailed below. ***
- B3** What do you aim to achieve with this funding?
If Croxley Green Council are able to provide us with funding, this will allow us to further grow the size of our group meaning that we are able to have more responders available to attend urgent 999 calls – in the Croxley area.
- In addition to this we are also trained in dealing with elderly persons who fall and need assistance getting up. We need specialist equipment* to minimise any unnecessary discomfort or further injury to the patient. This equipment is part of our increasing needs for funding and proving a greater service to our community. It is part of the “Falls Project”.**
- With an aging population, the Falls Project is becoming an increasingly valuable asset to have within our group so that we can care for the elderly, taking some of the strain off of the ambulance service.**
- B4** Are you matching this request for funding in any way?
Community Responders are volunteers and each responder gives up their time and use their own vehicle to respond to 999 calls. The money we raise will be used to purchase equipment needed for responders to fulfil their role.
- B5** How many people are involved in your project? **9 currently**
- B6** Are the majority of your regular participants drawn from the Croxley Green area? **Yes/No**
