

F&A Meeting – 29 April 2021

Agenda Item FA1575/21

Croxley Green History Project 2022 Calendar Sponsorship

Introduction

Councillors are asked to approve sponsoring the 2022 Croxley Green History Project calendar.

Discussion

The CGHP and Parish Council have a formalised working relationship after councillors saw the merit in the Parish Council getting involved and supporting the work of the only dedicated group working to promote and protect Croxley Green's History.

This has allowed the Council to work with the group to stage events such as the Peace Picnic and have shared space with them at the Revels to promote their activities.

CGHP have approached me to ask Councillors to consider sponsoring a new 2022 calendar. The calendar will give an indication of how the village has changed over the years by featuring historical photographs of Croxley Green, a number of which are being published for the first time.

The A3 calendar will be available to purchase from local shops with part of the profit made being kept by the businesses. Part of any money raised through sales will also be put back into the community to support local history in 6 local schools.

The group have many local businesses signed up to sponsor a month of the calendar and have their logo featured on that month's page.

They have asked if the Parish Council would like to take the opportunity to support the calendar and sponsor one of the months and the front cover of the calendar which will be displayed throughout the village.

The cost to the Council would be £200 to sponsor one month, and a further £500 to feature on the front cover.

Recommendation:

- That the council sponsors the Croxley Green History Project calendar initiative at a cost of £700.

Ryan Bennett (Clerk)
